Christopher Guy Harrison's high-rise apartment features shapes and styles that take classic elegance into a contemporary realm. And of course, everything is trademark Christopher Guy.

This trademark 'Ruched' dining chair by Christopher Guy ([christopberguy.com](http://christopberguy.com)) with crossed legs and a shell-like back is a great conversation starter.

WILLIAM WALDRON

There's a sense of intellectual spaciousness in Sean and Mary Kelly's home as it's interspersed with art objects and vintage furniture by some of the most renowned designers in the world.

## SOFA

Simple and chic. Sink into the 'Allen' sofa by Minotti. ([minotti.com](http://minotti.com))

## BENCH

The Kellys clearly love George Nelson furniture. One of the many pieces they have is the 'Nelson Platform Bench' by George Nelson for Herman Miller. ([bermanmiller.com](http://bermanmiller.com))

## DINING CHAIR

While this gallery owner picks the George Nelson chair that is now a classic, we suggest this 'Standard' dining chair by Jean Prouve from Vitra too. ([vitra.com](http://vitra.com))

## SIDE CHAIR

Just try resisting the urge to sit on this highly polished 'Chippensteel' chair by designer, Oskar Zieta, available through Zieta. ([zieta.pl](http://zieta.pl))

ROGER DAVIES

Dark, woody tones along with leather seating give this home a distinct masculine leaning. Again, Giorgio Armani makes no exception when choosing the furniture for his home: Everything is from his in-house line at Armani/Casa.

## CHEST

In the study, a Japanese chest of drawers known as Tansu is the only piece that breaks the space with its majestic design. Pick one up from The Great Eastern Home. (022-22910764)

## CENTRE TABLE

Smooth, dark mahogany makes itself felt throughout the house with streamlined furniture like this 'Dancing' table, from Armani/Casa ([armanicasa.com](http://armanicasa.com)), built to sharpen any setting.

## BED

The bedroom makes for a very calm and serene space featuring just the bare essentials. The 'Emerson' bed by Armani/Casa embodies this spirit. ([armanicasa.com](http://armanicasa.com))

## DINING CHAIR

The 'Truffaut' chair has a very distinct retro quality with its resemblance to a director's chair, the leather obviously lending its panache to an otherwise simple design. Available through Armani/Casa. ([armanicasa.com](http://armanicasa.com))
